Mission Heights., Grande Prairie, Alberta

Only a short drive to recreation and shopping, this home is located on a quiet street and with the privacy that comes from living on a cul-de-sac. This Mission Heights property features an extra-long driveway and RV parking, complemented by a spacious 24-foot-long garage. The garage is bright and has plenty of plugins. The garage had spray-in foam insulation added in 2018. The spray-in foam preserves useful storage space in the garage rafters. The primary bedroom includes a three-piece ensuite. The kitchen was renovated in 2018 with additional oak cabinetry, and there is also a large pantry providing even more storage options. The outdoor space is perfect for summer entertaining, with a large cement patio and the ability to connect a BBQ to gas. Additional features of the home include large storage under the third floor (More spray-in foam was also added here), new shingles installed by Heritage Roofing in 2019, and two sump pumps with battery backup.
