This beautifully designed home has an open concept main level that has a central kitchen including a full wall pantry with endless storage. The gourmet kitchen package includes a suite of built-in appliances including a chimney hood fan, built-in gas cooktop, and a built-in microwave and wall-oven. The large great room at the front of the home has a wall of windows allowing natural light to pour through the main level all day long. The back of the home has a large dining area with a window overlooking the backyard and a 2pc bathroom completes the main level. The expansive primary bedroom spans 11'x13' and is complete with its own private ensuite with a tiled walk-in shower and a walk-in closet. Two more bedrooms, a full bathroom and a laundry room complete the second level. The basement is undeveloped and awaits your finishing touches but already includes 9' ceilings and 200 amp power!
